TO WHOM IT MAY CONCERN

Re: Neeser Construction Inc. - Gerald Neeser, President

As an architect based in Juneau, Alaska my firm has worked closely with Neeser Construction Inc. on two projects in Juneau totalling in excess of three million dollars. Both projects were in the design/build format.

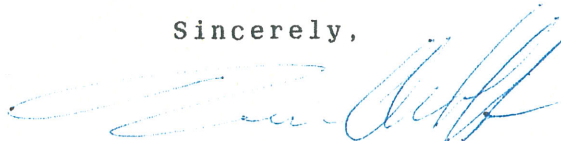

Gerald Neeser has demonstrated an ability to work in harmony with the Architect, so as to control or reduce costs, yet improve the quality of the finished product produced. Neeser's field crews carry on this theme in making the development process harmonious rather than one of contention and confrontation.

Perhaps most important is that Gerald Neeser has proven his honesty and integrity in dealing with his clients and his desire to give the client the most building for the least expense without cutting corners.

It is our desire to work with Neeser Construction Inc. on many projects in the future.

We highly recommend Neeser Construction Inc. to anyone seeking a quality job finished on time with a minimum of problems or confrontations.

Sincerely,

Timothy Allen Hoff
