Attention: Gerald Neeser
President

Subject: Performance Evaluation
ANMC PCC Expansion

Dear Mr. Neeser:

I would like to thank you and your team for the great work on the PCC expansion project. This was both a fast paced and challenging project that your team preformed excellently. There were many hurdles that could have slowed your team down but they never skipped a beat completing the project on budget and substantially ahead of schedule.

Your response to our project was thorough and precise. The work was impeccable, and your team worked well with our company's unique circumstances.

Both the Southcentral Foundation and I appreciate your company's contribution to our journey toward Native Wellness and look forward to many more successful endeavors.

Sincerely,

Katherine Gottlieb
President/CEO
