Dear Gerri,

What a welcome addition to our Anchorage business district! My husband and I truly enjoyed ourselves Sunday afternoon at the opening of the Dena'ina Civic and Convention Center. I was impressed with the beautiful design and the well-crafted feel of the facility. I applaud you on the timely completion and for being within your budget. During these tough economic times, that is a true testament to your organization and management skills. Congratulations to you and your company on this outstanding accomplishment.

Best regards,

SENCO ALASKA, INC.
