Jerry Neeser
Neeser Construction, Inc.
2501 Blueberry Road
Anchorage, AK 99503

Reference: State of Alaska Public Health Laboratory and Medical Examiner's Facility
Subject: Letter of Reference

Dear Jerry,

I write to commend Neeser Construction, Inc. on a job well done. The referenced project was a very complex building type on a tight construction schedule. The 33,000 gsf, \$18M project was completed on-time and to a high standard of quality, Neeser Construction, Inc (NCI) was the general contractor and Livingston Slone the designer, with each firm holding separate contracts with the owner, the State of Alaska Department of Transportation and Public Facilities. We found NCI's personnel to be highly responsive to complexities of this public health laboratory. Your staff's planning of the work to be done, seeking clarifications at an early date, timely execution, superb quality control, excellent documentation and communications, cost consciousness and overall teamwork was exemplary.

We look forward to future opportunities to work with Neeser Construction, Inc.

Sincerely,

Tom Livingston, FAIA
