Dear Mr. Neeser,

Your recent remodeling to the first floor of our F.S.S.S. Building was a complete success. The Wang Laboratories are more than satisfied with the end results. The quality of the work is superb.

We feel your timely scheduling and fast track handling of this project could not be surpassed. This professionalism is the factor responsible for the completion of this cost plus job on the low side of your projected range.

At this time we would like to say "Thanks", and we're looking forward to doing business with your firm in the future.

Best Regards,
