Re: Neeser Construction, Inc.  
Letter of Recommendation  
Public Health Lab & Medical Examiner's Facility

Gentlemen:

I would like to Praise and extend a personal "THANKS" to Neeser Construction for a job well done on the Public Health Lab and Medical Examiners Facility. This was a very complicated project and your company's performance made a great deal of difference to it's success.

I would also like to commend your company for having exceptionally qualified employees working on this project. Their expertise's as well as quality of workmanship and positive attitudes made this project a "team" effort for all concerned. They worked very closely with us to insure all of our special requirements were met.

This has been an enjoyable and successful project. I would have no reservations in recommending Neeser Construction for future complex projects.

Sincerely

Steven Flodin, P.E.  
Facilities Chief
